## A TASTE OF LUST

Unlike a lot of women, I like the taste of cum. I can usually tell what a guy's been eating just from the taste of his cum. I think pineapple-flavored is my fave. A friend of mine suggested I write a first hand article on it and publish it as an expert. I think I would call it: *Don't Spit, Swallow It!*

For the umpteenth time I gave serious thought to quitting my dead end job at the boot factory, packing up my belongings, and taking off for the city.

# Hot and Horny Hoaxer

"A gal can get awfully lonely living all by herself way up here in the mountains," I told the man seated on the barstool next to mine.

"I bet," he replied disinterestedly.

Staring straight ahead, the stranger raised a mug of draught beer and took a hefty swig. My flirtations didn't interest him in the least, a sure sign that I was dealing with yet another obsessed Bigfoot freak. I had seen his type before, far too many times. These rugged outdoorsmen came and went with astonishing regularity; each and every one in search of the elusive Sasquatch purported to inhabit the area.

A one-track mind, I reasoned. A man with a mission, the stranger didn't even have time for a casual encounter. No doubt he had devoted his life to catching and/or killing the big hairy beast; and nothing—not even an attractive woman offering herself on a platter—was going to divert him from realizing that goal.

"Well," I finally gave up, "it was nice meeting you."

"Yeah," he muttered.

I paid my tab and exited the bar. Frigid air lashed my face. Snow capped mountains, dark and brooding

in the dusk, loomed over Main Street. Despondent as ever, I climbed into my old pickup truck, fired her up, and headed to my little cabin in the woods.

For the umpteenth time I gave serious thought to quitting my dead end job at the boot factory, packing up my belongings, and taking off for the city. A major metropolis would be teeming with men more than willing to satisfy my needs, men who couldn't give a damn about some hairy-assed monster who probably didn't even exist.

My hands clutching the icy cold steering wheel, I cursed myself for not having the guts to make a major move. Until then, I mused, there was always my trusty dildo.

My job at the boot factory left a lot to be desired. It was monotonous work, dull and mind-numbing. I was convinced that the chemicals used to treat the leather were making me sick. Headaches were all too frequent. Or maybe these had nothing to do with my work environment; perhaps I was just stressed out and needed to get laid.

The following morning found me smoking a cigarette on the loading dock, and lamenting my lot in life when I experienced what can only be described

as a “eureka moment.” Had I been a character in a comic strip a light bulb would have been hovering above my head. The idea took shape. Could I do it? Did I possess the skills to make it happen? I definitely had access to the necessary materials, the specialized tools and equipment.

I became more and more excited. It was a crazy scheme, sure, but it just might work. I vowed to give it a go. After all, what did I have to lose?

Huffing and puffing from my exertions, my face stinging from the pre-dawn cold, I entered my cabin with a rush of excitement. I removed my hat, coat, and gloves, then sat on the sofa and proceeded to unlace my custom made “Bigfoot Boots.”

The specialized footwear had taken me two weeks to construct. The boots weighed a ton. But this was unavoidable. Wide wooden planks glued to the bottom of each sole accounted for the extra weight. The bottoms of these planks had been hand carved to create an authentic-looking Sasquatch footprint.

All things considered, I was pleased with the final product. With any luck my Saturday morning jog through the rugged terrain surrounding my cabin would yield the desired result. I didn’t now if the dis-

tant stranger I had met at the bar two weeks ago was still in town, but my intuition told me that he was. A serious adventurer would stick around for the long haul with hopes of claiming his quarry.

My cabin was cozy. After stashing the boots in my bedroom closet, I added a log to the fire. Then I took a quick shower and changed into my comfy short robe. Having brewed a pot of coffee, I lounged on the sofa and hoped for the best. Fingers of light heralded the new day.

Would he take the bait? I asked myself . . .

I had just poured my second cup of coffee when I heard the snowmobile outside my cabin. I rushed to the front window and peered around the curtain. It wasn’t the stranger from the bar. Still, the guy straddling the snowmobile was made from the same ruggedly handsome mold. A rifle was slung over his shoulder. He climbed off the machine and stood there on my property, eyeing the footprints with intense scrutiny.

“Here goes nothing,” I muttered to myself and opened the door.

The hunter regarded me as I stood framed in the doorway. He seemed mildly surprised to see me; as if

he had assumed the cabin-owner to be sleeping in on this chilly Saturday morning.

"Sorry to disturb you, ma'am," he said, "but these footprints led me here."

"Footprints?" I feigned ignorance.

"Damned big ones, too." The hunter nodded. "Only one thing could make prints this large—" His eyes burned with feverish excitement. "—Bigfoot."

I suppressed a smile. "Do you really think so?"

"Oh, I know so. These tracks are humongous."

"Well, there have been sightings in the area . . ."

He pulled the gun from his shoulder, holding it at the ready as he scanned the trees bordering my property. "That's why I'm here," he told me. "I got into town just yesterday afternoon, been hunting all night . . ."

"You must be tired," I said, "and cold. Why don't you come inside and warm up a bit. I just brewed a fresh pot of coffee . . ."

The hunter looked torn. He wanted to take me up on my invitation. He also wanted to plunge into the nearest thicket in search of Bigfoot.

"You'll hunt better after taking a break. And I could sure use the company. A gal can get awfully lonely living all by herself way up here in the mountains . . ."

The hunter's name was Ian. He had crisscrossed the country in search of the elusive monster. Snagging Bigfoot was his life's mission, so much so that he had sacrificed a wife, kids, and the stability of a conventional job.

I admired his conviction.

And so much more.

Ian was a brawny fellow, a strapping specimen who made me think all manner of naughty thoughts. Thankfully he was far less myopic than the typical

Bigfoot hunters who passed through town. He was hell-bent on capturing the behemoth, sure, but not so much that he couldn't take time out for a little fun.

This became abundantly clear when I moved to freshen up his coffee. Ian was sitting on the sofa. Pot in hand, I leaned over, gifting him a nice view down the front of my robe. That's all it took . . .

Coffee forgotten, he parted the silk material and buried his face in my cleavage. His stubble-studded face felt wonderfully abrasive against my long-neglected tits. I set the coffee pot on the end table and straddled him. Our lips melded, fusing us with a heat rivaling that emanating from the fireplace.

Our foreplay was frantic and fumbling. We were eager to get to the main event. I slid to the floor between his knees, discarding my robe as I did so, and unbuckled his belt. Ian lifted his ass, allowing me to shuck his pants and toss them over my shoulder. Per my request, he had left his heavy boots on the porch before entering the cabin. Tantalized by the tent in his boxers, I rubbed his member through the soft material, marveling at its size and rigidity.

Licking my lips hungrily, I peeled Ian's skivvies and proceeded to suck his dick, treating the dedicated hunter to a first class hummer. I pumped my head

frenziedly, gliding my lips up and down his sizable shaft. He moaned his appreciation, prompting me to double my efforts. I plunged my head faster and faster, maintaining eye contact with him the entire time. I loved having his hard cock in my mouth, loved the way he grunted and groaned and pushed the hair from my face.

Still, I was most eager to have him inside me. My pussy hadn't been properly pounded in a long time.

**8048**

Living way out in the sticks, I didn't know when I would have an opportunity like this again. I intended to make the most of it.

I stood, turned around, and lowered myself into his lap reverse-cowgirl style. His cock filled me, stretching my tight twat. Having paused for a few seconds – the veritable calm before the storm – I now moved my hips in a languid rhythm, a deliberately slow grinding motion to prolong our pleasure.

Ian's hands roved all over my tits. His nimble fingers tweaked my erect nipples, sending jolts of excitement throughout my body. I lowered a hand and rubbed my clit, strumming it expertly. I gradually upped the pace of my hips, bit by bit, moving faster and faster as the heat of the moment seized me. It wasn't long before I was in full pogo-stick mode – bouncy-bouncy-bouncy – riding his pole with maniacal ferocity.

Holding my trim waist with both hands, Ian met my movements, thrusting up into me, jabbing repeatedly with his mammoth member. Face twisted with ecstasy, intent on experiencing the most powerful orgasm of my life, I rubbed my clit at an increased tempo; this as Ian expelled a telltale grunt.

He was on the verge, for sure.

I climbed out of the saddle and sat beside him on the sofa. His cock glistened with my juices. Fingering my pussy with one hand, I used the other to jerk his prick, tugging and stroking until he erupted like a pipe bomb. My orgasm arrived shortly thereafter, a searing rush of toe-curling bliss the likes of which I had never known.

We had just gotten dressed when the report of a high-powered rifle pierced the post-coital calm. What with all the hunters and all, such sounds weren't un-

common in these parts; but this was different, this sounded like the gunman was right outside my door! A bone-chilling scream followed the gunshot, Ian's cue to intervene.

He grabbed his gun and ran outside. Clad in only my robe, I rushed after him. The incredible sight stopped me in my tracks. I stood there on the porch, no longer even aware of the cold, as Ian knelt over the inert body.

The hunter lay in the blood-spattered snow, his rifle broken in two as if it were a brittle twig. For a second or two I thought it was the guy I had met at the bar two weeks prior, but no, this poor fellow was much younger. Footprints, fresh and even larger than the ones I had made with my special boots, dotted the landscape. I could hardly believe my eyes.

"Idiot," Ian said, shaking his head disgustedly.

It seemed like a terribly callous remark.

"Guys like this give hunters like me a bad name. Bigfoot should be captured, not killed. This thing here," Ian remarked, raising his rifle, "is a tranquilizer gun."

He looked at me with steely resolve.

"I hate to say it, but he got what he deserved."

"Surely you don't mean that, Ian."

"The hell I don't." Then he said. "It can't have gotten far. Can you call the sheriff? I'd do it, but time is of the essence."

"Go," I told him.

Ian climbed aboard his snowmobile, keyed it to life, and took off in pursuit of the monster. I went inside and called 911.

Then I made myself a stiff drink and waited for the sheriff.

## **FREELY SPIRITED**

In the late Nineties, my mom and dad lived on a ranch in Carefree, Arizona, and like the name, they were free spirits. Little has changed for me, though I don't know how great my mom and dad look being naked now. "Oh, Fernando, I'm glad you're home. I am getting horny. Bring that cock over here."

# Impounded

I rushed down the front steps in a state of panic, silently berating myself for oversleeping; now I would have to drive like a maniac in order to make it to work on time. My boss was a humorless hard-ass with zero tolerance for tardiness.

Standing on the sidewalk, I did a double take, looking this way and that for my car. My usual parking space in the lot across the street was empty.

“What the hell?” I muttered, scratching my head.

Had I parked somewhere else last night? After all, I had been rather drunk—two or three drinks at my preferred watering hole had turned into five or six.

Still . . .

“Ms. Parker!”

I turned to see the wizened concierge, Mr. Sneed, framed in his open third-floor window. “Your car,” he called down, “was towed early this morning.”

“Towed?”

“Truck came at the crack of dawn.”

“You’re kidding, right?”

“I’m afraid not.”

“Shit!”

“I hate to sound like a broken record,” he said, “but those spaces are reserved for the folks who work—”

“In the office building across the street,” I finished his sentence shamefacedly. “So you’ve told me . . .”

“Call the police, Ms. Parker. They can tell you which impound lot your car was taken to . . .”

“Sure thing, Mr. Sneed.” I sighed wearily. Then I plucked my smartphone from my purse. “I’ll get right on it . . .”

And I did; after calling my hard-ass boss and telling him that I would be late.

Mr. Sneed was right. He may have been old and shriveled, but the guy knew a thing or two about

*A potential win/win scenario, for sure. It was worth a shot. Hell, I had to try something. The direct approach seemed my best bet.*

reclaiming a towed vehicle. The police were very helpful, supplying all the information that I needed.

The impound lot was a good five miles from my apartment.

I thought about walking, but rejected this idea in favor of calling a cab.

Presently, having paid the driver, I exited the taxi and regarded the impound lot. It wasn’t much; just a shabby office fronting a large gravel lot surrounded by a chain-link fence topped with barbed wire. Vehicles of every description imaginable filled the lot. As the taxi sped away, I tried and failed to locate my car among them. Granted, I didn’t look very hard. I was eager to enter the office and put paid to the whole frustrating affair.

The place was little more than a large desk heaped with paperwork and invoices; about what I had expected. But the clerk—well, the clerk was a real surprise. I had braced myself for an ill-tempered, hairy-armed, cigar-chomping grease ball.

Boy was I wrong!

The dark-haired guy before me possessed the rugged handsomeness of a fashion model. His brown eyes in tandem with a five o’clock shadow did a number on me, making me think all manner of naughty thoughts. A pair

of steel gray coveralls fit him loosely, adding a tantalizing sense of mystery to his physique.

He regarded me with a bright smile. “Can I help you?”

“I sure hope so. My car was towed this morning. I’m here to pick it up.”

The process was painless. I produced my driver’s license and insurance card. The clerk retrieved my title from the glove box of my car, sparing me a trek across the gravel in my high heels. Yeah, things couldn’t have been smoother.

Until he said, “That’ll be five-hundred dollars.”

BLAIR-NTS-00

I waited for the punch line, waited and waited some more. But it never arrived. This was no joke. This was for real. The guy was dead serious.

And I was broke!

Well, not totally broke, but five hundred bucks would come damned close to clearing out my checking account. And payday was two weeks away. I imagined myself subsisting on peanut butter and jelly sandwiches for the next fourteen days.

Shit, I thought, wracking my brain for a solution.

"Are you okay?" asked the clerk. "You look a little pale."

"I'm—uh—I just wasn't expecting it to be so much."

"Yeah," he said, "getting your vehicle towed is costly."

"Look," I said, digging into my purse for my debit card. "I can do two-hundred."

The clerk was embarrassed for me; his face turned crimson as I pleaded my pathetic case. Finally he said, "I'm sorry, but I can't do that . . ."

I had struck out last night at the bar, unable to find a suitable mate to fuck me silly. I guess that's why I had ended up drinking so much, frustration and what-not. Now I saw an opportunity to make up for last night's failure; while also saving myself a large chunk of change. A potential win/win scenario, for sure. It was worth a shot. Hell, I had to try something. The direct approach seemed my best bet.

"I'll suck your dick."

This shocked him into silence.

"I'll even fuck you," I continued.

More silence from his end.

"Come on," I said, "you know you want to . . ."

And he did.

This became abundantly clear when he came out from behind his desk, locked the door, and lowered the shade. The front of his jumpsuit was tented with the telltale signs of a hard-on. I unzipped him, parting the coarse material to expose his muscled torso. Then, having

knelt before him, I peeled his boxers, freeing a most magnificent cock . . .

"Nice," I told him. "Just what I wanted . . ."

Lifting his dick, I licked the underside of his shaft. I did this slowly, deliberately, relishing the rigidity of his member; as well as his appreciative sighs. Still gripping his prick with my hand, I lowered my tongue to his balls, licking and suckling them with slutty enthusiasm.

His sighs turned to grunts and moans as I tugged his tool, moving

my hand up and down, all the while continuing to service his nuts with my mouth.

Of course he was harder than a brickbat. And his excitement made me wet, prompting me to let go of his cock and gobble him in earnest. My lips encircling his rod, I thrust my head to and fro in a frenzied pumping motion. I lifted my skirt above my hips and pushed a hand between my legs. Sliding my panties aside, I rubbed my pussy with increasing urgency, getting hotter and hotter.

Unable to resist any longer, I stood and cleared a spot on his desk, sweeping papers out of the way to create a suitable space. He lifted me with his strong arms, depositing my shapely ass atop the desk. My skirt was still hiked above my hips, allowing him to focus on my panties; which he peeled from my legs with little fanfare.

Moving between my spread legs, he teased me with his glans, running the engorged head up and down my sodden cleft.

"Do it!" I exhorted breathily. "Fuck my pussy!"

The clerk plunged inside me, filling my cunt with his formidable man meat. Thrusting his hips repeatedly, he screwed me like a jackhammer. His jabs were fast and fierce. The sound of slapping flesh filled the small office.

Wrapping my legs around his trim waist, I urged him to fuck me even harder. He complied wholeheartedly, banging my juicy box with a series of deep plunges, feeding me every inch of his cock.

The skewering continued unabated as I unbuttoned

my blouse and unfastened my front closure bra. I kneaded my newly liberated tits, caressing and squeezing them with nimble fingers. The sight of my stellar jugs had an instant impact on the clerk. He doubled his efforts, hammering my hole with renewed vigor.

Aware of the effect my tits were having on him, I released them, allowing my knockers to jiggle and bounce in synchrony with his powerful thrusts. In my excitement I knocked a stapler off the desk. It clattered across the floor; this a split-second before the sound of gravel crunching beneath truck tires gave us pause.

"Shit!" the clerk barked. "It's Rudy! I forgot to lock the back door!"

"Rudy?"

"The tow truck driver!"

The words had scarcely left his mouth when his co-worker entered via the back door. The newcomer froze in midstride. Mouth agape, he regarded the tawdry tableaux with eyes as wide as saucers.

"Sorry, guys." He struggled to regain his composure. "I didn't mean to interrupt."

I made no attempt to cover myself, nor did the clerk. The sudden intrusion had a paralyzing effect on both of us; we were like two deer caught in a car's headlights.

Like his colleague, Rudy was easy on the eyes. It must have been a job requirement to work at the impound lot. Not that I was complaining. And, truth be known, I was turned on by the interruption, so much so that I protested when the clerk withdrew and started zipping up his jumpsuit.

"What the hell, man? Don't stop now . . ."

"Uh," he mumbled, "you mean—"

"Keep fucking me," I told him. Then I looked at Rudy. "So you're the asshole who towed my car, huh?"

He was nonplussed.

"No hard feelings," I said. "You were just doing your job." Then I encouraged him to join in the fun. "The more the merrier; that's what I always say . . ."

Rudy peered at the clerk; he seemed to be seeking permission from his coworker. A silent agreement passed between them. Wearing a lascivious smile, the tow truck driver stood beside the desk. He, too, wore a pair of navy blue coveralls. I watched with mounting excitement as he unzipped and whipped out his cock.

The clerk went back to work, pushing his dick inside me. The brief interruption hadn't affected his hard-on in the least; he was stiff as ever.

And Rudy was, too.

I turned my head to the side and opened my mouth. Rudy proceeded to fuck my face. Cradling my head with both hands, he thrust with aggression. I felt his prick cap press the back of my throat with each plunge.

They eventually switched places . . .

I savored the flavor of my pussy juice on the clerk's cock as he reamed my mouth. Rudy brushed his glans against my clit, then my gash, moving all the way down to my puckered backdoor. He entered my asshole with delicious slowness, stretching me bit by bit. I slid a hand down my taut tummy and rubbed my clit, frigging myself as he commenced to thrust.

It wasn't long before he was boinking my butt full throttle. Watching his colleague core my ass, the clerk pulled out of my mouth and tugged himself to completion, coating my tits with a large load of cum. This set Rudy off. Groaning, his fingers digging into my hips, he released a torrent of ball sauce inside me.

The clerk waived all costs associated with the reclaiming of my vehicle. "A token of my appreciation," he told me.

"And mine," Rudy remarked, reminding me not to park in prohibited areas.

I thanked them for a good time, then drove on in to work. Mine is your typical office job. I pretty much sit at a computer all day; now that's a good thing, this, as I could hardly walk after getting pounded at the impound lot!

## MY PLEASURE PRINCIPLE

I just so happen to love my vibes and dildos, the way almost every woman does. No, they're not a substitute for cock. I turn on when it turns on, so they're there to use whenever I like. It knows where my happy place is, and I can walk away from it whenever I want. That's why we like our toys so much.
